

2020 Community Giving Report

We give because we believe the power to improve lives lies within our communities. For the past 52 years, UMC has invested a portion of our profits directly back into the community that supports us. From mental health and addiction rehabilitation to wellbeing and education, we are honored to collaborate with organizations and contribute resources to help people overcome challenges and reach their highest potential.

TOGETHER WE'RE BUILDING A WORLD THAT'S STRONGER, HEALTHIER, AND MORE PREPARED FOR THE FUTURE.

Where We Give

DURING 2020 WE CONTRIBUTED \$96,417 INTO THREE AREAS OF NEED: HEALTH, EDUCATION, AND SUPPORT FOR OTHER NONPROFITS.

HEALTH – \$64,760

There was an unprecedented need for physical and mental health and addiction support during this challenging year. We are grateful to our partners who we could support to ensure our community has the programs and resources people need to live healthy, happy lives.

EDUCATION – \$27,740

Education provides a path forward to a better future. In 2020, we continued our long-term investment in education for students from preschool through college and technical school, including our scholarship program for UMC employees and their children and grandchildren.

OTHER NONPROFITS – \$3,917

From organizations that provide community assistance to initiatives that make our neighborhoods safer, cleaner, and more beautiful, we support those proactively improving our communities every day.

Here are some of the organizations UMC supported in 2020:

Ultra Machining Company

500 Chelsea Road
Monticello, MN 55362
